

#WomenwhomakeAmerica

A Documentary Screening on Women in Space

Place: Roosevelt Hall-Little Theatre

Date: April 3, 2018

Two Screenings:

First Screening: 11:00 AM-12:00 PM

Second Screening: 6:00PM-7:00 PM

WOMEN IN SPACE traces the history of women pioneers in the U.S. Space Program. Some passed the same grueling tests as male astronauts, only to be dismissed as a distraction by NASA, the Military, and even former President Lyndon B. Johnson. It was not until 1995 that a woman piloted a spacecraft. The program includes interviews with a number of first women in space, as well as the next generation of women engineers, mathematicians and astronauts.
