Yearley Love was a student-athlete who fell victim to domestic abuse which resulted in her death just weeks before her graduation.

This past year, the SUNYAC SAAC Committee led a conference wide objective to join the One Love Foundation in promoting relationship violence awareness. The SUNYAC ran One Love's signature event, surpassing a ten million yard goal by running 25.7 million yards in the course of just 10 days!

This year, will run 'Around the World for Yearley'. We want to walk, jog, or run enough yards to travel the distance around the equator - roughly 44 million yards! To reach this goal, every student athlete has pledged a mile! Be a part of something big!
