Innovation Challenge WORKSHOP

Selected 30 students will be able to participate in groups, and plan, compete, and be judged by industry leaders. This one-day training will focus on the “Ideation” process through a fast-paced, hands-on, minds-on workshop. The Ideation provides powerful and practical tools for thinking creatively and critically, solving complex, open-ended challenges and problems, and managing changes that will become a way of life. In particular, the Ideation drives multidisciplinary collaboration for innovative solutions. The Ideation builds on research, development, and practical applications worldwide in many organizational settings.

Benefits to Participate in This Workshop

- Create fresh new ideas and put them to work immediately;
- Turn your good ideas into real action;
- Acquire creative thinking skills that can be used in your academic or professional life;
- Learn to work effectively in an interdisciplinary team;
- Interact with industry leaders;
- Highlight your Resume!

Application Criteria

- All students from FSC are welcome;
- Freshmen and sophomores are highly encouraged;
- Submit application online:
