Pre-Registration is required – www.farmingdale.edu/sbdc

Join the US Patent and Trademark Office (USPTO) for a discussion about what all inventors, entrepreneurs, small businesses, and start-ups should know about patents and the patent process. The USPTO will provide an in-depth discussion relating to all aspects of the patenting process, including the types of patents, the parts of a patent application, the examination process, claims analysis with respect to novelty and obviousness, and the office action. This meeting will cover....

- Patent Basics
- Intellectual Property Basics
- Claims Workshop
- Patent Examination Process

Learn all the USPTO Resources available to Entrepreneurs, and Startups
