

# STEM DIVERSITY SUMMIT

Science, Technology, Engineering and Mathematics

**"Creating a Sustainable Impact Through STEM Education"**

Connecting K-12, Higher Education, Community & Workforce

**Working together to strengthen economic and workforce development through education and industry is imperative.**

**Tuesday, March 19, 2019**  
**8:30 a.m. – 1:30 p.m.**

**Farmingdale State College**

Roosevelt Hall  
2350 Broadhollow Road, Farmingdale, NY 11735

Best practices and research exhibits in STEM/STEAM by public school students in Grades 9-12 will be featured, as well as presentations on sustainable energy technologies, bioscience, biotechnologies, cybersecurity, and manufacturing by national, regional, and local businesses.

## Registration Opens: January 14, 2019

Registration is limited and will close when capacity is reached. Please register early! Each district will have limited registration.

## Deadline to submit abstracts: March 1, 2019

For more information, call **631-794-6292**, contact [stem@farmingdale.edu](mailto:stem@farmingdale.edu)  
Or to register visit [farmingdale.edu/stem](http://farmingdale.edu/stem).

The STEM Diversity Summit, in alliance with Long Island STEP, will continue to inspire K-12, higher education, business, and industry to explore innovation, which strengthens STEM/STEAM teaching and learning in the 21<sup>st</sup> Century.
